I don't want the papers adver-
tise for me for nothing, but if any-
one wishes to purchase a good
pair of computing scales (good as
new) they should give me a call.

The passing of a good woman
on Monday morning at 2:30
o'clock, when the majority of the
people of our town were taking
their slumber, and were uncon-
scious of the world's doings, the
spirit of Mrs. Jas. Smith took its
flight to the unseen world. The
funeral sermon was preached by
Rev. Sparks, of Columbus. He
used Phil. 1: 21, for the basis of
his remarks. Mrs. Smith was a
noble woman, one of the women in
our town that had the womanhood
to rebuke sin in all its forms. She
often and earnestly prayed for the
conversion of her friends, and
made the remark that she hoped
for the saving of all. She was
one of the strongest supporters of
the Methodist Church, at this
place, a devoted mother, a faith-
ful companion, a good citizen, and
an obliging neighbor. And hence
a noble woman is gone, another
home is sad and lonely, another
chair is vacant at home and in the
church, another fresh mound of
dirt is in the cemetery, another
pair of hands are folded across
the breast. Almost the whole
town turned out to pay their last
respects, which is evidence we are
sorry she is dead because we were
glad she lived. While we can not
always see the wisdom in remov-
ing our best citizens from our
midst, we should always have the
words of the poet in our minds,
which read as follows:

Judge not the Lord in feeble sense,
But trust Him for His grace,
Behold a frowning providence,
He hides a smiling face.

The Coming Struggle.

The prosperity of this country
is very much like that of ancient
Rome in the times of Caesar and
Cataline. It has more wealth in
fewer hands than any other coun-
try in the world. The number of
poor people is growing even faster
than the wealth of the rich people.

But Cataline has come again,
and Caesar will be here tomorrow.
As in old Rome the agrarian forces
are stronger in numbers, and cour-
age, and experience of the world
than the plutocratic forces. There
is no doubt as to what will happen
when they find a leader strong
enough to unite their factions in-
to one grand army of the discon-
tented. And unless the Republi-
can party can be dislodged by the
ballot as the Democrats would
have done, it will before long be
dislodged as the Roman Senate
was by Caesar at the head of an
agrarian army. All patriotic men
should unite with the party which
has for more than a century ad-
vocated liberty by supporting the
Constitution. That is the only
way to save the country from
Caesarism. For, as we have said,
Cataline has already come, and is
preparing the way for military
despotism under which the for-
tunes of the rich will be confiscat-
ed to furnish the means for paying
the wages of a Praetorian Guard.

If the people can't have liberty
and fraternity along with equality,
they will have equality without
liberty or fraternity. Socialism is
growing because there is no jus-
tice under the present government,
which acts in defiance of the Con-
stitution. Democracy is the only
remedy for socialism and plutoc-
racy.—Marietta Times.

EVIDENCE IS SUFFICIENT

To Make the Standard Oil Company
Toe the Mark.

ATTORNEY MOODY'S BELIEF

Railroad Officials to Be Used by Gov-
ernment to Complete the Chain of
Evidence Before the Grand Jury.
Names of Officials Arranging For
Rebates Are Wanted.

Cleveland, O., July 17.—Attorney
General Moody, basing his opinion
upon the testimony already submit-
ted to the federal grand jury here, be-
lieves the government has secured
evidence which will be conclusive in
the trial of the Standard Oil company.

The return of District Attorney
Sullivan from an all-day conference
with the attorney general at New
York will mark a complete change in
the plans of the government in con-
nection with the fight to stamp out
trade discriminations in favor of
great corporations.

The change of plans includes a
complete reversal regarding G. J.
Grammer, vice president of the Lake
Shore and Michigan Southern rail-
way. Grammer will not be indicted
in this or any other federal district.
Instead he will be asked to assist the
government in forging a chain of evi-
dence about the necks of some of
the biggest Standard Oil officials in
the country.

Acting upon the orders of District
Attorney Sullivan, Assistant District
Attorney Garry issued another sub-
poena for the appearance of Gram-
mer before the grand jury. Grammer,
who happened to be in the city, was
immediately served with the sub-
poena by Deputy District Marshal
Fanning. He seemed pleased with
the turn of events which makes it
certain that he is not to be made the
scapegoat for violations of the law on
the part of others.

It is known that the government
officials are eager to obtain one more
link in the evidence already secured
against the Standard Oil company. A
most determined effort will be made
to complete the chain through Gram-
mer and Clark. What the government
officials want particularly is the
names of the Standard Oil company
officials through whom it is charged
rebating arrangements were made
with the Lake Shore and other rail-
ways. With these names in their
possession the government attorneys
will be ready to strike.

The attorneys are certain that some one of
the witnesses to be called knows the
definite information so greatly de-
sired.

Strikers and Nonunion Men Clash.
Columbus, O., July 17.—In a fight
which took place between fifty strik-
ing molders and seven nonunion
men, at work in the foundry of the
Hance-Brown Casting company, 310
Dublin avenue, Frank Miller, the
company's bookkeeper, and Albert
Angel, a strikebreaker, employed by
the company, were seriously injured,
and Jacob Strocke, leader of the at-
tacking party of molders, was shot
in the left leg below the knee. Mr.
Miller's injuries may result fatally.

Bumper Wheat Crop.
Wapakoneta, O., July 17.—The big-
gest and best wheat crop in this
part of the state for many years is
now being harvested. The average
per acre is nearly twice the usual

an average of 49 1/2 bushels to the
acre.

killed.

Refused to Appear Receiver.

sacker, employed at the Miami Maize
mill was killed by falling into a hem-
mony bin. He was smothered to death.
Not until his body clogged the deliv-
ery chute was his absence discover-
ed.

Electrician Is Electrocuted.

tries closed last evening.

REVOLUTIONISTS
Say Peace Between Guatemala and
Salvador Is Only Temporary.

Mexico City, July 18.—Movements
of the revolutionists in Guatemala
are brought to a temporary standstill
awaiting negotiations for peace be-
tween Salvador and Guatemala to be
held on the American cruiser Marble-
head. But the men most concerned
in the revolution do not look for per-
manent peace between Salvador and
Guatemala for several reasons, one
being that the insurrectionary party

in Guatemala, with sympathizers by
thousands all over Central America,
will not, it is believed, consider as
final any terms which may prolong
the power of President Cabrera. Were
he eliminated and another man put
at the head of Guatemalan affairs,
the revolutionists would be contented
and would welcome suggestions from
the presidents of both Mexico and the
United States.

Opened Charlemagne's Tomb.
Aix-la-Chapelle, Prussia, July 18.—
The sarcophagus of Charlemagne was
opened at Emperor William's wish
for the purpose of examining two
precious cloths. These and other
relics were found to be in good con-
dition. Three documents were found
dated 1481, 1483 and 1861. The older
of the two fabrics dates back to the
second half of the tenth century and
contains figures of four elephants.

The other is of the twelfth century.
The fabrics will be photographed and
then returned and replaced within the
sarcophagus. Emperor William took
a lively interest in having the docu-
ments removed for examination. The
sarcophagus was first opened in the
year 1003 by Emperor Otto III.

rear of a hallway.

Run Down on a Crossing.
Linden, Mich., July 18.—Mr. and
Mrs. Perry Barnum, prominent per-
sons of Genesee county, while driving
from Linden were run down and prob-
ably fatally injured at the north Lind-
en crossing by a westbound Grand
Trunk passenger train. When the
train struck the rig the occupants
were hurled into the air and were
carried along for some distance,
when they fell off. Both were badly
injured about the head.

Steel Orders Increasing.
New York, July 18.—Before sailing
for Europe on the Kaiser Wilhelm
II, Elbert H. Gary, chairman of the
board of directors of the U. S. Steel
corporation, said that the unfilled
orders on the books of the corporation
show little changes from three or
four months ago, and that the new
business received in the month of
June exceeded that of the correspond-
ing month of last year 100 per cent.

Elkton, Ind., July 18.—Larkin
Pogue, aged 21, a waiter at the Stan-
dard hotel, was given a \$5 bill as a
tip at the dinner hour by Henry Cole

DISTRICT ATTORNEY
Restrained From Taking Further Ev-
idence in Thaw Case.

New York, July 18.—An unusual
and unexpected move was made by
the defense of Harry Thaw, charged
with murder, when a writ of prohibi-
tion was secured from Justice Blach-
ner in the supreme court restraining
the district attorney and the jury
grand jury from taking further evi-
dence under oath against the prison-
er. Application for the writ was
made by John Gleason of counsel to
Thaw and the order to show cause
why it should not be continued was
made returnable today.

Arms Seized.
London, July 18.—The correspon-
dent at Copenhagen of the Daily Tel-
graph reports that Russian revolu-
tionists are again trying to import
arms by way of Sweden and Finland.

The Swedish authorities, the corres-
pondent states, have seized not far
from Stockholm 29,000 rifles that had
been destined for a Finnish town.
The weapons were hidden in casks,
the tops of which were filled with
fruit.

MAY NEVER BE PUT ON TRIAL

Alienists Convinced That Harry Thaw
Is Mentally Unbalanced.

COUNSEL HOLD CONFERENCE

Prisoner's Mother Insists That Judge
Olcott's Firm Shall Resume the De-
fense of Her Son—Order Issued
Restraining District Attorney From
Taking Further Evidence in Case

New York, July 18.—The World
says: "Harry Thaw will never be
played on trial for the murder of Stan-
ford White. An application will be
made for the appointment of a com-
mission to inquire into his sanity.
There is no doubt that he will be de-
clared insane and sent to the hospi-
tal for the criminal insane at Matti-
wan.

"This authoritative statement was
made to the World immediately after
the conclusion of a conference at the
Hotel Lorraine by one who had been
present.

"Mrs. William Thaw met Judge Ol-
cott and insisted upon his resuming
the defense of her son, which she
said he could direct in any manner as
he saw fit. Mr. Olcott promised to
take the matter under advisement,
but said he could give no final an-
swer until he had conferred with the
other members of his firm. The
probabilities are that the firm will
again take up the direction of the
defense of Harry Thaw. Mr. Olcott
gave Mrs. Thaw information he had
collected, which convinced her that
her son was mentally irresponsible
on the night he killed White. He
said that a number of the greatest
alienists in the country, who had
been retained by the defense, were
convinced that the young man was
irrational.

"District Attorney Jerome is not
expected to interpose any serious
opposition to the appointment of a com-
mission to inquire into Thaw's san-
ity. Some of the alienists retained by
the district attorney have reported to
him their belief that Thaw is men-
tally irresponsible. Many friends of
Stanford White have asked the dis-
trict attorney to consent to such a
disposition in the case rather than
have the notoriety of a trial."

Soldiers on Long Hike.
Pueblo, Colo., July 18.—The Twen-
ty-ninth U. S. Infantry broke camp
here and started on a march of 255
miles to Fort D. A. Russell, Wyo-
ming. The trip is scheduled to oc-
cupy 19 days, but longer marches
may be ordered in order to consume
only 18 days. The regiment will take
part in the target practice and army
maneuvers at Fort Russell early in
August.

Canned Meat Trade.
Birmingham, Eng., July 18.—At a
meeting of the Grocers' association it
was stated that the canned meat
trade was having the most serious ef-
fect on trade in all canned goods. Re-
gret was expressed that the Ameri-
can firms who are now flooding the
country with literature had not ear-
lier placed their statement of the
facts before the public.

Coroner's Verdict.
New York, July 18.—The coroner's
jury in the case of Alice Kinnam, who
was murdered on June 8, returned a
verdict to the effect that the murder
was committed by some person or

that Burton W. Gleason, the law-
yer, be held for examination by the

INSURANCE AGENTS
Still Investigating Cause of the Fire
at San Francisco.

San Francisco, July 18.—Roger Ow-
en, manager of the Commercial Union
Insurance Company of London, who
came here a few days ago with other
British agents to investigate the
local situation, said: "We are here
investigating the facilities to go into
the circumstances and merits of all
cases. They are not all alike by any
means. Of course the earthquake
claim clause is the stickler. If you
ask me personally and individually
whether the earthquake clause applies
to our losses in San Francisco—I
would tell you that it does so apply.
But officially we cannot speak at this
time, because we have not all the
facts. Of course if we can prove that
the fires in the city were caused by
earthquake, then we are advised we
are not liable for the losses." The
payment of \$5,000,000 or \$9,000,000
depends on the decision of the British
agents.

Castro Pardons Offenders.
Washington, July 18.—Advisors re-
ceived at the Venezuelan legation
here confirm the report that General
Castro, in commemoration of his re-
sumption of the presidency, has par-
doned all offenders sentenced by the
state courts. The prisoners have been
completely cleared. The advisors fur-
ther state that the feeling of enmity
which prevails at Caracas as a
result of the recent events have been
reflected in an appreciation of values
of the Venezuelan outstanding bonds.
These have all risen five to seven
points. President Castro has not yet
formed his new cabinet.

BEIT'S FORTUNE

Is Estimated at One Hundred and
Fifty Million Dollars.

London, July 18.—Friends of Al-
fred Beit, the South African financier
who died July 16, estimate that he
left a fortune of between \$125,000,000
and \$150,000,000, and expect that it
will be found even less than it is pub-
lished that legacies aggregating many
millions, if not the bulk of his for-
tune, will be devoted to public bene-
factions in England and South Af
